As far as your questions:

1. How well do you know INO management ? NOT VERY WELL
2. Was this done for LifeSci or Proactive ? (note: I would rather that it was for Life Sci and not Proactive...just for business reasons...ie. do not want to piss off JEFF at Proactive if I can avoid it...but either way, would just like to be certain) PROACTIVE
3. Do you see any problems on being exclusive on a single name in general ? NO, PROVIDED THAT IT IS NOT ALREADY 'LOCKED UP'

what about specifically for INO ? PROBLEMATIC IN THAT I HAVE WRITTEN ON IT EXTENSIVELY BEFORE... FOR JEFF
